

World Book Day Gruffalo Costume Ideas

The Gruffalo was the third most popular choice in our survey – largely voted for by parents of pre-school children.

The Mouse:

- Our personal favourites included The Mouse costume by WEALD which is ideal for parents of pre-schoolers, and this costume from Little Button Diaries.
- The best part about this get-up is the tiny acorn bag, which children can use as their own lunch bag for the day.

The Gruffalo:

- We would recommend this particular style costume created by MummyMooTwo which uses a simple robe as it's template. This is not only ideal, in terms of its practicality, but it's also super comfortable as well.
- If you're looking for mask templates then look no further than Party Delights. They've made a wonderfully fun and easy-to-follow guide - a great resource for any crafty parent.
- You can also look into face painting the little monsters, with these official Gruffalo Patterns to use with brown pyjamas.
